

## Mission City Golf Association

### Charity Committee

### Mission Statement

Mission City Golf Association of San Antonio has established a Charity Fund, comprised of 20% of the weekly closest-to-the-pin contest fund and any member donations made specifically to the Charity Fund. The club Treasurer is responsible for maintaining the fund and reporting weekly to the membership and monthly to the Board, the status of the fund.

The fund is administered by a Board committee, consisting of at least one board member and at least two voluntary club members in good standing. The function of the committee is to effectively administer the annual charitable contributions recommended by membership and the committee, and approved by the Board.

The designated charity must be an approved 501C3 organization, preferably with national standing and non-political, with low overhead operating costs and a vast majority of contributions going directly to serve their designated constituents.
